Extended Overnight Visit****	\$175	Extended Overnight Visit****	12 hours
Day & Night Visit*****	\$350	Day & Night Visit*****	20 hours

I would like to introduce myself, my name is Pam. I have many years caring for multiple types of animals. My professional background is a registered nurse, with a deep passion and compassion for animals. I retired from nursing to follow my heart. I am offering pet services to the community. I live in the west part of Ocala - Rolling Hills. I have had pets my whole life, and still do. I have over 50 years experience with pet care, be it dogs, cats, ferrets, bunnies, horses, some farm animals etc. I however don't do spiders, sorry. That would be my one weakness. I have enjoyed pleasure/trail riding for 40 yrs+. Ran my own hobby horse/boarding farm for 30 years, until moving to Florida. Since childhood I brought strays home and nurtured them when needed. I have a history of rescuing, fostering and finding good homes for different types of animals, and continue to do so. Each animal /creature should be loved and appreciated in their lifetime. My pets are my four legged children. When you are not able to be there, I would like to be that extension for your pet. I will show them kindness, love, compassion and appreciation. Give that hug when needed, throw that toy for exercising, or go for a walk. To offer engagement on a long day if you're at work, offer companionship to your pet when you are not home or on a trip. My number one priority is to make their time enjoyable when you aren't able to be there, keeping them safe and comfortable in their own home that they are familiar with, no stress, no worries. Give me a call/text/facebook message to set up a meet and greet. I look forward to chatting!!!
